2. School personnel contacts parents for quarantine timeline as dictated by state guidelines (14 days). If necessary, consult with DOH may be conducted.
3. School nurse shares updates with the principal, counselor, and other building personnel.
4. Counselor/case manager contacts student and/or parent to explain how to access work for remote learners. For those student who are in-person, they will be provided with a take-home folder and/or remote access, for the duration of the quarantine period.
