June 19, 2019

Dear Parents and Guardians of incoming Algebra 2/Algebra 2 Honors students,

Shore Regional High School is offering an Algebra 2 summer class for all incoming freshmen. This is open to all students who will be enrolled in either Algebra 2 or Algebra 2 Honors for the upcoming school year.

This class will have both in person class meetings and optional office hours for individual help. Students will attend class sessions July 8th through July 19th from 10 am to 12:30 pm. It is not required that students attend all 10 sessions, but each session will review specific Algebra topics. Once students sign up they will be given a list of topics to be covered each session.

This class is optional and ungraded. However, it is in their best interest to participate, as the topics included in the class are the same topics included on their mandatory summer packet. These topics are the Algebra 1 topics that they will need to be proficient in Algebra 2. They will not be retaught in Algebra 2.

To sign up, students are asked to email summeralgebra2@shoreregional.org by July 3rd. After they sign up, I will write back with more details. If you have any questions, please feel free to email the address above.

I look forward to working with your child.

Sincerely,
Andrea Cocco
