June 14, 2022

Dear Parent/Guardian,

I am pleased to inform everyone that the West Long Branch School District will offer a summer reading and math enrichment program. As you are aware, summer reading helps children sustain and bolster their skills needed to read fluently and independently. Equally important, the design of our new math enrichment program will reinforce real world application of skills and concepts taught in school.

The West Long Branch K-4 summer reading and math information can be accessed at the following website: <https://www.wlbschools.com/Domain/127>. There is a link under the welcome page for summer reading and math information specific to each grade level.

If you have questions regarding grades K-4 summer reading and math information, please contact Ms. Bongiorno (grades K-2) or Mrs. Curran (grades 3-4) at the following e-mail addresses:

- ✓ [jbongiorni@wlbschools.com](mailto:jbongiorni@wlbschools.com)
- ✓ [ncurran@wlbschools.com](mailto:ncurran@wlbschools.com)

Thank you for your continued support in working together to help your child reach his/her fullest potential in the classroom.

Sincerely yours,

*James J. Erhardt*

James J. Erhardt  
BME Principal
